20TH ANNUAL
ARIZONA
Rural Transportation Summit

“Back to the Future”

Hosted by Lake Havasu MPO
October 24-26, 2018
London Bridge Resort
1477 Queens Bay
Lake Havasu City, AZ

Title Sponsor

JACOBS
VISION OF TOMORROW SOLUTIONS FOR TODAY

Jacobs offers a full range of multimodal planning, engineering, and construction administration solutions to transportation challenges that embrace HEALTH, SAFETY, and MOBILITY.
WELCOME

AZ Rural Transportation Summit Participants!

It is a pleasure to welcome you to Lake Havasu City, Arizona’s Playground and Home of the World Famous London Bridge! We are thrilled to have you here for the 20th AZ Rural Transportation Summit.

Our citizens and all the members of the City Council appreciate that you have selected Lake Havasu City for this very important gathering of transportation professionals. We invite you to enjoy our restaurants, shopping, outdoor recreational amenities, and our beautiful beaches and parks during your visit.

Lake Havasu City is celebrating a couple milestones of its own this year that we are happy to share with you. It is our 40th year anniversary of the incorporation of Lake Havasu City and the 50th year anniversary of the sale of the London Bridge by the City of London Corporation to Robert P. McCulloch, our founder. The Lord Mayor of London, Charles Bowman, helped us celebrate this historic event on October 20.

Our promise to our citizens is that we, through our community built vision known as Havasu Vision 20/20, will strengthen our city’s economic development, improve our education and talent supply, develop a culture of service and sense of place for our valued visitors, protect our water resources, and keep our community engaged so that we can continue to be a destination choice. We encourage you to ask about this very important vision of our bright future.

We know your stay here will be a pleasant one and we hope that you will come back to visit us often throughout the upcoming year.

Sincerely,

Mark S. Nexsen

Dear Rural Transportation Summit Participants,

Welcome to this year’s Summit and thanks to the Lake Havasu Metropolitan Planning Organization for hosting us on the shores of beautiful Lake Havasu. This year’s Summit comes just weeks before the next national and state elections which could bring significant changes to the political landscape.

At a minimum, new leadership is assured for the Arizona House, Arizona Senate and U.S. House of Representatives. Such change may usher in new priorities and a changing agenda. Underlying the political changes, the economy continues to rebound. After a decade which included massive declines, state revenue collections reached an all-time high last year.

All of these factors provide both challenges and opportunities for infrastructure investment. Will efforts to increase investment continue to be bogged down over a failure to reach consensus on how to pay for it or will new leadership spur action. The problems from decades of under-investment are not getting smaller. Based on existing ADOT revenue streams, greater Arizona can expect almost no new highway expansion projects and deteriorating conditions on many rural state highways.

We need to continue educating the public and lawmakers on the trends and current state of our highways, roads and public transit systems and the impact of our transportation infrastructure on our economy, safety, health, cost of living and quality of life.

Here’s to a productive Summit and upcoming year. Thank you for participating. I look forward to working with all of you to accomplish our goal of developing a quality infrastructure that meets the needs of Arizonans and insures that we are top notch competitors in the ever growing global economy.

Sincerely,

Kevin Adam
Rural Transportation Advocacy Council

ARIZONA'S 32ND ANNUAL STATEWIDE TRANSIT CONFERENCE

SHERATON MESA AT WRIGLEYVILLE WEST

AZTA ADOT
Imagine it. Delivered.

As a fully integrated firm, AECOM connects knowledge and experience across our global network of experts to help clients solve their most complex challenges. From high-performance buildings and infrastructure to resilient communities and environments, our work is transformative, differentiated and vital.

AECOM is proud to sponsor the 2018 Arizona Rural Transportation Summit.

aecom.com
Honorable Arizona State Senator Karen Fann

Senator Karen Fann was elected in November of 2016 to represent Legislative District 1, which covers 8,000 square miles throughout Yavapai County and portions of Maricopa County. She previously served this district from 2011 to 2016 as a State Representative. Karen moved to Prescott at the age of four and has been a life-long Republican. She continues to represent her community by serving as a precinct committeeman and is a member of the Rotary International and Elks. Senator Fann currently serves as the Vice-Chair of both the Finance Committee and the Transportation and Technology Committee and as a member of the Natural Resources, Energy and Water Committee. Karen is the owner and CEO of a highway construction company specializing in the installation of guardrail and signs throughout the State of Arizona, which recently celebrated its 33rd business anniversary. Her business was started in 1984 with $500 and has grown steadily to become Arizona's largest guardrail company, with 40 employees. Karen is a licensed contractor with the Arizona Registrar of Contractors, past president of Yavapai County Contractors Association and past president of Prescott Chapter National Association of Women in Construction. Her previous work includes four years of legal experience, 10 years of airport/airline experience and as a licensed Arizona realtor.

Honorable Arizona State Representative Noel Campbell

Noel W. Campbell is a member of the Arizona House of Representatives, representing District 1. He was first elected to the chamber in 2014. Mr. Campbell was raised in Phoenix, Arizona where he graduated from St. Mary's High School and later attended Arizona State University, earning a Bachelor of Science Degree in Business in 1965. Mr. Campbell served as a naval aviator during the Vietnam War, remaining on active duty until 1971 and retiring from the Naval Reserves as a Commander in 1991. He is a recipient of the Bronze Star, US Air Medal with 16 Flight Strike Awards, US Presidential Unit Citation, US Vietnam Services Medal, Republic of Vietnam Cross of Gallantry, and the National Defense Ribbon. After retiring from the Navy, Representative Campbell spend 10 years as an agent for the US Customs Service/Department of the Treasury. He also served at the Pentagon as the Customs Liaison in the Joint Chiefs of Staff prior to transitioning to the US Forest Service in 1999 to serve as a pilot fighting forest fires. Representative Campbell currently resides in Prescott where he owns a small business.

Matthew Clark, Arizona State Governor's Office

Matt Clark is the Transportation and Municipal Government Policy Advisor to Governor Doug Ducey. He works with the Arizona Department of Transportation, and the numerous local, county and state stakeholders who share an interest in the policies that affect Arizona’s transportation and local governments. In addition to transportation and municipal government, Matt also advises the Governor on public pensions and is the Chair of the Self-Driving Oversight Committee. Prior to joining the Governor’s team, Matt spent the three years working as Chief of Staff to Mesa City Councilmember Kevin Thompson. Matt served as the primary contact between the Councilmember and members of the public as well as City of Mesa staff. In his role with the city, he monitored the implementation of policy and projects initiated by the Councilmember and assisted the City’s intergovernmental Relations Office on specific legislative projects. Matt is a graduate of Arizona State University, having received his MBA from the WP Carey School of Business.

CONFERENCE PROGRAM

Morning Sessions

9:30am to 10:20am Innovative Project Delivery: Public Private Partnership: Pre-Development Agreements

Sir Lancelot

This session will provide a basic outline of public private partnerships (P3), alternative ways to deliver projects through public private partnerships, and discuss federal programs that are available to assist in delivering P3 projects.

Presenter: Peter Loughlin, Loughlin Enterprises
Moderator: Chris Bridges, Central Yavapai MPO

9:30am to 10:20am How’s That Working for You? HURF Swap Update

King Arthur B

ADOT will be presenting updates on HURF Exchange and the Tribal Transfer funding programs. Come learn about successes each of these programs has experienced, lessons learned, and what the next steps for each program are.

Presenter: Patrick Stone, Arizona Department of Transportation

9:30am to 10:20am Navajo Nation and ADOT working together for Greater AZ

King Arthur A

This session will provide an overview of the challenges and successes encountered during conduct of two separate safety studies conducted by Navajo Division of Transportation (NDOT) and Arizona Department of Transportation: the Navajo Nation Safety Plan and the US 191 Corridor Safety Study.

Presenters: Colyan Begay, NDOT
Rosalinda Federico, ADOT
Amy Moran, Wilson

9:30am to 10:20am Autonomous Vehicles & Community Planning

Martini Bay

As the autonomous future approaches, it is important for municipalities to consider planning, engineering, legal, and policy issues related to AV/CV technology. Arizona Forward recently hosted a Town Hall Meeting in Flagstaff to start a conversation about what autonomous vehicles mean for the future of infrastructure. This breakout session will discuss the results from the Town Hall Meeting and provide insight into the unique concerns and considerations rural communities have related to AV/CV technology.

Presenter: Dayna Wasley, AECOM
Suresh Raghavendra, AECOM
Scott Epstein, Pinyon Environmental

Moderator: Jason James, Northern Arizona Council of Governments
10:30am to 11:20am Sometimes there ARE Dumb Questions

Developing Better Surveys by an Expert & Leveraging Human Capital

Sir Lancelot

Data collection is done through surveys. Surveys are typically poorly constructed, and the data collected is often useless or misleading. This session discusses principles that ensure getting the best data. Also discussed Universities collaborating with local governments, leveraging local resource. Learn how to get involved and leverage.

Presenter: Dr. Scott McIntyre, Arizona State University Havasu
Dr. Cristen Mann, Arizona State University Havasu

10:30am to 11:20am The Long & Winding Roads

Gap Between Needs and Revenue of County Roads in AZ

King Arthur B

Funding shortfalls have left the county road system in great distress. Learn about Arizona’s infrastructure needs, in the eye-opening funding gap analysis developed for Arizona Association of County Engineers (AACE) Roadway Needs Assessment.

Presenters: Denise Lacey, Maricopa County Department of Transportation
Vamshi Yellisetty, Jacobs

Moderator: Phyllis Davis, Jacobs

10:30am to 11:20am Tribal Transportation Roundtable

King Arthur A

This session will discuss Planning to Programming (P2P), and a recap of the previous day Tribal Leadership meeting. Under Title 23 U.S.C. 202(a)(9), States may elect to transfer funds to a tribe when a tribe has successfully obtained funds through the Transportation Improvement Programming (TIP) process administered by MPOs and COGs. You will learn more about the roles and responsibilities of each party involved.

Presenter: Ermalinda Gene, Arizona Department of Transportation Tribal

10:30am to 11:20am State of Transit & Mobility

National & State Perspectives

Martini Bay

What is the state of transit and mobility in Arizona and the country? Discover the successes and challenges facing transit and mobility in areas such as policy, taxation, politics, transit campaign marketing, and so much more. You cannot know where you are going unless you know where you have been. Strategize with the experts the opportunity to be a champion for transit and mobility in your community, region, state, and country.

Presenters: Kristen Joyner, Southwest Transit Association
Becky Miller, Arizona Transit Association
John MacDonald, Policy AZ
11:30am to 12:20pm **Can you hear me now? Effective Communications No Matter What You Do**

The public sector talks about public education. The private sector talks about marketing. Some organizations communicate through advocacy. There are many ways to communicate legally and effectively. This session will help you communicate better no matter your organization. Are you trying to pass a new tax in your region, pass a transportation initiative, establish policy, and wonder where the communication broke down between you and the public on developing a project. This session will help you be a more effective and innovative in communication.

**Presenters:** Timothy Tate, *Arizona Department of Transportation*

Deb Gallegos, *Making a Scene Productions*

Brock Barnhart, Gunn Communications (GCI)

**Moderator:** Yung Koprowski, *Y2K Engineering, LLC.*

11:30am to 12:20pm **Traffic Records Criminal Software (TRACS) and AZ’s response to Highway Safety Improvement Program (HSIP) Countermeasures**

This session will provide an in-depth look at HSIP safety countermeasures that been implemented around the state: successes, not so successful, and measures not yet implemented. It will also highlight advantages of using the Traffic and Criminal Software (TraCS) program for collecting traffic crash data, and how this data flows directly into obtaining HSIP funds for safety projects.

**Presenters:** Tim Jordan, *Arizona Department of Transportation*

Jeff King, *Federal Highway Administration*

Larry Talley, *Arizona Department of Transportation*

**Moderator:** Mike Blankenship, *Greenlight Traffic Engineering*
11:30am to 12:20pm **Show me the Money!**  
**Transportation Funding**  

The bottom line seems to always be the money, so this session will tackle the hard reality of transportation funding. Where the funding has been, Where it is now, and Where it might be going. This topic can be a sobering reality, but can also help develop a strategy of hope for the future of transportation funding. Your knowledge is the first step in making the future of transportation funding better in both Arizona and the country.

**Presenters:** Kevin Adam, *Rural Transportation Advocacy Council*

Erich Zimmerman, *National Association of Regional Councils*

Tony Bradley, *AZ Trucking*

**Moderator:** Randy Heiss, *SouthEastern Arizona Governments Organization*

11:30am to 12:20pm **Rural Public Transportation**  
**FTA 5311 Investments in AZ: Past, Present, and Future**

In FY 2017, over 1.2 million passengers utilized rural public transit systems across Arizona. Learn about funding for planning and operating rural public transit services, types of routes, and how routes connect to other systems.

**Presenters:** Sarah Fitzgerald, *Arizona Department of Transportation*

Aubree Perry, *Arizona Department of Transportation*

12:30pm to 1:15pm **Lunch**

Convention Center

1:15pm to 2:15pm **Arizona State University (ASU) Havasu Partnership**

**20 Years Since the Casa Grande Accords - Past, Present, and Future**

Panel Discussion: Brian Babiars, *Western Arizona Council of Governments*

Maxine Brown, *Central Arizona Council of Governments*  
*(Former Executive Director)*

Eric Anderson, *Maricopa Association of Governments*

Matt Ryan, *Coconino County Supervisor*

**Moderator:** Kevin Adam, *Rural Transportation Advocacy Council*
Afternoon Sessions

2:30pm to 3:20pm  The Hyperloop…
A blast into the future- Nogales to Phoenix Hyperloop.

Recognizing the opportunities, that Hyperloop technology will offer Arizona. With a set mission to continue development and establish Arizona as a hub for Hyperloop technology, the Helix team will describe a fully operational system that transport cargo and passengers through Arizona.

**Presenter:** Joshua Kosar, *Helix Technologies LLC*

**Moderator:** Randy Heiss, *SouthEastern Arizona Governments Organization*

2:30pm to 3:20pm  Follow the Money from Project Design to Construction
Estimated Cost vs Actual Cost

What impacts the cost of a project? This session will take a hard look behind the scenes of the fiscal investment in a project from design to construction. The economy versus the FHWA / ADOT process, and how each may impact the cost. Local public agencies may often need to invest additional monies into a project. This session will explore many of the reasons why and possible ways to improve the process from scoping to construction.

**Presenter:** Steve Boschen, *Arizona Department of Transportation*

**Moderator:** Supervisor Tom Thurman, *Yavapai County*

2:30pm to 3:20pm  Keys to Project Success
Former Elected and Appointed Officials Perspectives

Former elected and appointed officials offer their perspectives and keys to project success. Most people are in the audience and / or present to public bodies, so it is valuable to hear from the few that have served in the official capacity. These leaders have observed and received countless presentations about projects of various project size. Their wisdom is priceless in helping to develop a better strategy to move forward into the future with any project. Officials will offer a candid perspective and keys to project success.

**Presenters:** Deanna Beaver, *Served on AZ State Transportation Board (2013-2017)*
Arlando Teller, *Served on AZ State Transportation Board (2015)*
Bill Feldmeier, *Served on AZ State Transportation Board (2006-2012)*

**Moderator:** Chris Bridges, *Central Yavapai MPO*
2:30pm to 3:20pm  **Mobility Management Workshop**  
*The True Power of Coordination*  
Convention Center

Creating Arizona’s Statewide Mobility Management Program  
Participants will be introduced to the country’s most successful statewide Mobility Management programs and discuss the development and implementation of statewide transportation coordination efforts reflective of Arizona’s unique challenges and available resources.

**Presenter:** Jess Segovia, *Navigator Mobility Consulting*  
**Moderator:** DeDe Gaisthea, *Maricopa Association of Governments*

---

3:30pm to 4:20pm  **You Have a Friend In Me!**  
*You Have a Friend in LPA*  
Sir Lancelot

This session is fun and informative! Get answers to your questions about the federal process by a panel of experts who deal with the same challenges every day. Learn how the ADOT Local Public Agency (LPA) Section can help you through the process and make new friends.

**Presenter:** Tricia Lewis, *Arizona Department of Transportation Local Public Agency*

---

3:30pm to 4:20pm  **What gets measured is what gets better**  
*Bike & Pedestrian Plan in AZ*  
King Arthur B

In 2017, ADOT completed a Pedestrian Safety Action Plan and in 2018 a Bicycle Safety Action Plan. This presentation will provide an update on ADOT’s Sustainable Program to collect bicycle and pedestrian count data.

**Presenters:** Donna Lewankdowski, *Arizona Department of Transportation*  
Brent Crowther, *Kimley-Horn*  
**Moderator:** Martin Ince, *Flagstaff MPO*

3:30pm to 4:20pm  
**Rural Summit**  
**Transportation Town Hall**  

Join our state and local legislators as we discuss transportation moving forward in greater Arizona. The heart of the Rural Transportation Summit is the time given with our elected representatives and transportation decision makers. This time will be spent understanding the Arizona politics related to transportation in where it is at, where we want it to be, and how we will get there. The Summit is intended to provide the environment for a spirited dialogue about the issues facing transportation in greater Arizona and the possible solutions for those issues. It is the hope of the Summit while providing a better understanding on transportation issues that support for the next legislative session can also be developed. Be the solution through this engaging town hall meeting!

**Presenters:** Honorable Senator Karen Fann  
Honorable Representative Noel Campbell  

**Moderator:** Kevin Adam, *Rural Transportation Advocacy Council*

“Back to the Future Trivia”

Writers Bob Gale and Robert Zemeckis actually received a fan letter from John DeLorean after the film's release, thanking them for immortalizing his car.

After the film's release, body kits were made for DeLoreans to make them look like the time machine.

The script was rejected forty four times before it was finally green-lit.

Apparently, Ronald Reagan was amused by Doc Brown's disbelief that an actor like him could become President, so much so, that he had the projectionist stop and replay the scene. He also seemed to enjoy it so much that he even made a direct reference of the film in his 1986 State of the Union address, "As they said in the film Back to the Future (1985), 'Where we're going, we don't need roads.'"

At the London Comic Con 2015, Michael J. Fox admitted that his four children (one son and three daughters in their teens and twenties) never saw this movie.

Sticker on the back of Doc's truck: One nuclear bomb can ruin your whole day.

When Lorraine follows Marty back to Doc's house, she and Doc exchange an awkward greeting. This marks the only on-screen dialogue that Christopher Lloyd and Lea Thompson ever have, though they have appeared together in six movies.

According to Bob Gale, on October 26, 1985, a group of people showed up at the mall used to film the Twin Pines Mall location, to see if Marty would arrive in the DeLorean. He, of course, did not.

Was the top grossing release of 1985.

In December 2007, it was selected by the Library of Congress for preservation in the National Film Registry as being "culturally, historically, or aesthetically significant".
